SOHAIL ASGHAR

Full Stack Developer | React.js | Next.js | Node.js | TypeScript | Web Application Development

+92 334 593 8162 | sohailasghar.workofficial@gmail.com | Karachi, Pakistan | LinkedIn | GitHub | Portfolio

SUMMARY

Full Stack Developer with over 2 years of experience designing, developing, and maintaining modern, scalable web applications. Proficient in React.js, Next.js, Node.js, TypeScript, and database management with MongoDB and MySQL. Skilled in building responsive, high-performance frontends and robust backends while collaborating with cross-functional teams to deliver production-ready solutions. Experienced in REST API integration, cloud deployment, and optimizing user experiences. Passionate about maintainable code, performance optimization, and utilizing technology to create efficient, user-friendly applications and leading small development initiatives.

AREAS OF EXPERTISE

- **Frontend Development:** React.js | Next.js | JavaScript (ES6+) | TypeScript | HTML5 | CSS3 | Responsive Web Design
- **Backend Development:** Node.js | Express.js | REST APIs | Server-side Programming
- **Database Management:** MongoDB | MySQL | Firebase / Firestore
- **UI/UX & Design:** Figma to Code | Adobe XD to Code | Cross-browser Compatibility | Performance Optimization
- **Tools & Technologies:** Git | Webpack | Vite | AWS | Shopify | Agile Development
- **Project Development & Delivery:** End-to-End Web Application Development | Feature Implementation | Testing & Debugging

EDUCATION

- **Bachelor of Computer Science –** Abbottabad University of Science & Technology **2021 – 2024**
- **Diploma in Information Technology –** Institute of Computer Languages, Abbottabad **2022 – 2023**

WORK EXPERIENCES

Full Stack Developer – Onsite **May 2025 – Present**

- Design and develop scalable, high-performance web applications using React.js, Next.js, and Node.js technologies.
- Implement production-ready features across frontend and backend, ensuring reliability, maintainability, and modular architecture.
- Collaborate with cross-functional teams to gather requirements, provide technical solutions, and meet deadlines efficiently.
- Optimize application performance, fix bugs, and improve system efficiency for better user experience consistently.
- Contribute to architecture decisions, code reviews, and long-term application improvements following industry best practices.

Ethisol | Web Application Developer – Remote **Jan 2024 – Apr 2025**

- Developed and deployed modern, responsive web applications for diverse clients across multiple industries successfully.
- Improved usability, functionality, and overall application performance to enhance user experience and engagement significantly.
- Integrated REST APIs, collaborated with design teams, and implemented scalable, maintainable software solutions effectively.
- Ensured code quality through testing, version control, and adherence to coding standards across all projects.
- Delivered projects on time, meeting client expectations while maintaining high standards of quality and performance.

Ethisol | Front-End Developer – Remote **Mar 2022 – Jan 2024**

- Built responsive, user-friendly web interfaces by translating UI/UX designs into functional production-ready web pages.
- Converted Figma and Adobe XD designs into high-quality, maintainable code with pixel-perfect accuracy consistently.
- Ensured cross-browser compatibility, improved performance, and optimized frontend applications for faster load times.
- Collaborated with backend developers to integrate APIs and data for seamless application functionality efficiently.
- Applied best practices for modular, maintainable, and reusable frontend architecture across all development projects.

Shopify Developer Intern | Hifah Technologies **Dec 2024 – Jan 2025**

Programming Intern | AICP **Oct 2023 – Dec 2023**

PROJECTS

- **RT Whiteboard:** Real-time collaborative whiteboard application.
- **I Am Socially**: Social media management dashboard.
- **Glamur Paints**: Paint products and services website.
- **Literary Publisher:** Online book publishing platform.
- **United Ummah:** Islamic community and events platform.
- **MedixPro:** Healthcare management dashboard (Work in Progress).
- **Portfolio Builder SaaS:** Portfolio creation SaaS platform.
- **Rungdo:** E-commerce platform for paint products.

LEADERSHIP ACITIVITIES

- **Web Development Lead** – Google Developer Student Club
